

## OIG – Fraud Awareness

US Department of Transportation

### Office of Inspector General (OIG)

Northeastern Region 1 OIG

1

## What is Fraud?

**Knowingly and willfully making:**

- False statements
- False claims
- Fraudulent schemes

➤ Examples:

- Time and materials overcharging
- Quality control misrepresentation
- Product substitutions
- Disadvantaged Business Enterprise (DBE) fraud - misrepresentation

2

## Fraud Consequences

- Fines
- Suspension
- Debarment from bidding on federal projects
- Imprisonment

3

## Fraud Awareness

### 3 Examples

- 1) Chicago O'Hare Airport project – DBE (Disadvantaged Business Enterprise) fraud case
- 2) Massachusetts Big Dig - Inferior quality concrete fraud case
- 3) Connecticut DOT - catch basin product substitution fraud case

4

## Fraud Awareness

### Chicago Airport DBE Example

- Prime contractor claimed WBE/DBE was responsible to do certain work
- WBE was actually a pass-through (did not do work)
- WBE had no “Commercial Useful Function” (CUF)
- Consequences:
  - GC paid a \$12 million fine
  - Hire integrity person
  - Subcontractor received 1 year in prison

New Hampshire  
**DOT**  
Department of Transportation

5

## FRAUD AWARENESS

### Big Dig Example

- Contractor used inferior concrete not meeting mix design specifications
- Batch tickets were falsified
- Multi-million dollar settlement
- Criminal charges: home detention, probation, and community service

New Hampshire  
**DOT**  
Department of Transportation

6

## FRAUD AWARENESS

### Connecticut DOT Example

- Contractor substituted inferior catch basins – they were missing required rebar
- Inspectors broke them apart to test – no rebar found
- Shop Drawings were falsified
- Also, contractor used foreign steel in other products
- Multi million-dollar settlement
