Dear Permittee:

The U.S. Army Corps of Engineers (USACE) has reviewed your application to perform work as described on the enclosed New Hampshire State Permit No. 2024-00626, dated 4/8/2024.

Based on the information that you provided to the New Hampshire Wetlands Bureau, we verify that this work is authorized under General Permit # 23 of the enclosed September 29, 2022 Federal permit known as the New Hampshire General Permits (GPs) (also located at: [>> www.nae.usace.army.mil/Missions >> Regulatory >> State-General-Permits](http://www.nae.usace.army.mil/Missions)).

Please review the enclosed GPs carefully, including the general conditions beginning on page 36, to be sure that you and whoever does the work understand its requirements. A copy of the GPs and this verification letter shall be available at the project site throughout the time the work is underway. Performing work within our jurisdiction that is not specifically authorized by this determination or failing to comply with any special condition(s) if provided below or all of the terms and conditions of the GPs may subject you to the enforcement provisions of our regulations. You must perform this work in compliance with the terms and conditions of the GPs.

You must complete and return the enclosed Compliance Certification Form within one month following the completion of the authorized work.

This authorization expires on September 29, 2027. You must commence or be under contract to commence the work authorized herein by September 29, 2027 and complete the work by September 29, 2028. If not, you must contact this office to determine the need for further authorization before beginning or continuing the activity. We recommend that you contact us *before* this authorization expires to discuss reissuance. Please contact us immediately if you change the plans or construction methods for work within our jurisdiction. We must approve any changes before you undertake them.

This authorization does not obviate the need to obtain other Federal, state or local authorizations required by law, including those listed in the GPs.

We continually strive to improve our customer service. In order for us to better serve you, we would appreciate your completing our Customer Service Survey located at <https://regulatory.ops.usace.army.mil/customer-service-survey/>

Please contact Michael Hicks of my staff at (978) 318-8157 or (978) 318-8335/8338 if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Rochette". The signature is fluid and cursive, with a large, sweeping flourish at the end.

Steve Rochette
Acting Chief, Technical Support Branch

COMPLIANCE CERTIFICATION FORM

Permit Number: NAE-2024-01054

Project Manager Michael Hicks

Name of Permittee: NHDOT 42753

Permit Issuance Date: 06/12/2024

Please sign this certification and return it to the following address upon completion of the activity and any mitigation required by the permit. You must submit this after the mitigation is complete, but not the mitigation monitoring, which requires separate submittals.

* MAIL TO: U.S. Army Corps of Engineers, New England District *
* Permits and Enforcement Branch C *
* Regulatory Division *
* 696 Virginia Road *
* Concord, Massachusetts 01742-2751 *

Please note that your permitted activity is subject to a compliance inspection by an U.S. Army Corps of Engineers representative. If you fail to comply with this permit you are subject to permit suspension, modification, or revocation.

I hereby certify that the work authorized by the above referenced permit was completed in accordance with the terms and conditions of the above referenced permit, and any required mitigation was completed in accordance with the permit conditions.

WETLANDS AND NON-SITE SPECIFIC PERMIT 2024-00626

NOTE CONDITIONS

PERMITTEE: NH DEPARTMENT OF TRANSPORTATION
C/O ANDREW O'SULLIVAN
PO BOX 483
CONCORD NH 03301

PROJECT LOCATION: BRIDGE 123/118, 1-93 NORTHBOUND, MANCHESTER
TAX MAP #I-93 ROW, LOT #ROW

WATERBODY: STEVENS POND

APPROVAL DATE: APRIL 08, 2024 **EXPIRATION DATE:** APRIL 08, 2029

Based upon review of permit application 2024-00626 in accordance with RSA 482-A and RSA 485-A:17, the New Hampshire Department of Environmental Services (NHDES) hereby issues this Wetlands and Non-Site Specific Permit. To validate this Permit, signatures of the Permittee and the Principal Contractor are required.

PERMIT DESCRIPTION:

Temporarily impact 3,249 sf of palustrine emergent wetland adjacent to Stevens Pond, to place crane mats creating a working platform for the purpose of repairing existing public highway infrastructure bridge support for the route 101 and route 93 interchange, NHDOT project (42753), Manchester, NH.

THIS PERMIT IS SUBJECT TO THE FOLLOWING PROJECT-SPECIFIC CONDITIONS:

1. In accordance with Env-Wt 307.16, all work shall be done in accordance with the plans for NHDOT, Manchester, interstate Route 93/101 interchange, N.H. DOT project 42753, as received by the NH Department of Environmental Services (NHDES) on March 22, 2024.
2. In accordance with Env-Wt 314.03, (a) The permittee shall notify the department in writing at least one week prior to commencing any work under the permit.
3. In accordance with Env-Wt 527.05(b), The contractor responsible for completion of the work shall use techniques described in Env-Wq 1504.06, Env-Wq 1504.16, Env-Wq 1505.02, Env-Wq 1506, and Env-Wq 1508.
4. In accordance with Env-Wt 307.03(a), no activity shall be conducted in such a way as to cause or contribute to any violation of surface water quality standards specified in RSA 485-A:8 or Env-Wq 1700; ambient groundwater quality standards established under RSA 485-C; limitations on activities in a sanitary protective area established under Env-Dw 302.10 or Env-Dw 305.10; or any provision of RSA 485-A, Env-Wq 1000, RSA 483-B, or Env-Wq 1400 that protects water quality.
5. In accordance with Env-Wt 307.03(c)(4), water quality control measures shall be capable of minimizing erosion; collecting sediment and suspended and floating materials; and filtering fine sediment.
6. In accordance with Env-Wt 307.03(c)(3), water quality control measures shall be installed prior to start of work and in accordance with the manufacturer's recommended specifications or, if none, the applicable requirements of Env-Wq 1506 or Env-Wq 1508.
7. In accordance with Env-Wt 307.03(c)(5), water quality control measures shall be maintained so as to ensure continued effectiveness in minimizing erosion and retaining sediment on-site during and after construction.

29 Hazen Drive • PO Box 95 • Concord, NH 03302-0095

NHDES Main Line: (603) 271-3503 • Subsurface Fax: (603) 271-6683 • Wetlands Fax: (603) 271-6588

TDD Access: Relay NH 1 (800) 735-2964

8. In accordance with Env-Wt 307.03(c)(6), water quality control measures shall remain in place until all disturbed surfaces are stabilized to a condition in which soils on the site will not experience accelerated or unnatural erosion by achieving and maintaining a minimum of 85% vegetative cover using an erosion control seed mix, whether applied in a blanket or otherwise, that is certified by its manufacturer as not containing any invasive species; or placing and maintaining a minimum of 3 inches of non-erosive material such as stone.
9. In accordance with Env-Wt 307.03(d), any sediment collected by water quality control measures shall be removed with sufficient frequency to prevent the discharge of sediment; and placed in an upland location in a manner that prevents its erosion into a surface water or wetland.
10. In accordance with Env-Wt 307.03(c)(7), temporary water quality control methods shall be removed upon completion of work when compliance with Env-Wt 307.03(c)(6) is achieved.
11. The Contractor shall be made aware of the potential to encounter rare species and shall follow contract documents requirements detailing the reporting of observations to New Hampshire Fish & Game. All observations of threatened or endangered species on the project site shall be reported immediately to the NHDH nongame and endangered wildlife environmental review program by phone at 603-271-2461 and by email at NHDHreview@wildlife.nh.
12. In accordance with information and communication with Natural Heritage Bureau and NH Fish and Game, the crane mats will be installed from April 18 until September 27. Any installation not within the specified time frame shall require further coordination with NHB and NH Fish and Game prior to beginning or ending date, otherwise the crane mats will be completely removed from jurisdiction as stated in the coordination documents.

THIS PERMIT IS SUBJECT TO THE FOLLOWING GENERAL CONDITIONS:

1. Pursuant to RSA 482-A:12, a copy of this permit shall be posted in a secure manner in a prominent place at the site of the approved project.
2. In accordance with Env-Wt 313.01(a)(5), and as required by RSA 482-A:11, II, work shall not infringe on the property rights or unreasonably affect the value or enjoyment of property of abutting owners.
3. In accordance with Env-Wt 314.01, a standard permit shall be signed by the permittee, and the principal contractor who will build or install the project prior to start of construction, and will not be valid until signed.
4. In accordance with Env-Wt 314.03(a), the permittee shall notify the department in writing at least one week prior to commencing any work under this permit.
5. In accordance with Env-Wt 314.08(a), the permittee shall file a completed notice of completion of work and certificate of compliance with the department within 10 working days of completing the work authorized by this permit.
6. In accordance with Env-Wt 314.06, transfer of this permit to a new owner shall require notification to, and approval of, the NHDES.
7. The permit holder shall ensure that work is done in a way that protects water quality per Env-Wt 307.03; protects fisheries and breeding areas per Env-Wt 307.04; protects against invasive species per Env-Wt 307.05; meets dredging activity conditions in Env-Wt 307.10; and meets filling activity conditions in Env-Wt 307.11.
8. This project has been screened for potential impact to known occurrences of protected species and exemplary natural communities in the immediate area. Since many areas have never been surveyed, or only cursory surveys have been performed, unidentified sensitive species or communities may be present. This permit does not absolve the permittee from due diligence in regard to state, local or federal laws regarding such communities or species. This permit does not authorize in any way the take of threatened or endangered species, as defined by RSA 212-A:2, or of any protected species or exemplary natural communities, as defined in RSA 217-A:3.
9. In accordance with Env-Wt 307.06(a) through (c), no activity shall jeopardize the continued existence of a threatened or endangered species, a species proposed for listing as threatened or endangered, or a designated or proposed critical habitat under the Federal Endangered Species Act, 16 U.S.C. §1531 et seq.; State Endangered Species Conservation Act, RSA 212-A; or New Hampshire Native Plant Protection Act, RSA 217-A.
10. In accordance with Env-Wt 307.02, and in accordance with federal requirements, all work in areas under the jurisdiction of the U.S. Army Corps of Engineers (USACE) shall comply with all conditions of the applicable state general permit.
