New Hampshire Department of Transportation
7 Hazen Drive
Concord, NH 03302

Dear Friends,

I regret that I cannot be with you today, but I join you in celebrating the groundbreaking of the Interstate 93 Exit 4A project.

This project will promote increased economic growth in the vibrant Londonderry and Derry business communities, and improve access to downtown Derry. I was proud to support this project as Governor, and look forward to the benefits it will create for the region.

Infrastructure is an essential way to create jobs and help our economy thrive – which is why I worked with Republicans and Democrats to pass the bipartisan infrastructure law. This law includes significant funding to improve our highways, roads, and bridges, and will support vital projects like these all across our state.

Thank you to everyone involved in making today's groundbreaking possible. I look forward to continuing to work together to make New Hampshire an even better place to work, live, and raise a family.

With every good wish,

Margaret Wood Hassan
United States Senator
