

# United States Senate

WASHINGTON, DC 20510

August 2, 2022

Dear Friends,

Thank you for your kind invitation to today's ceremony. Please know that I join you in spirit as we celebrate today's groundbreaking of I-93 Exit 4A Derry-Londonderry.

Projects like this one are crucial for improving the transportation experience of travelers and supporting the local economy here in the Granite State. The opening of I-93 Exit 4A Derry-Londonderry will allow separation between local destination-oriented motorists and drivers passing through, ultimately resulting in safer and more efficient travel for both groups. It will also improve interstate access to the east of I-93 for commercial and industrially zoned lands and further promote planned development and economic growth in the Derry-Londonderry region.

This project represents an important investment for the future of our state's transportation system and local communities alike. We should take this moment to thank the various actors who have worked tirelessly for this project to come to fruition.

Thank you again for the invitation, and I wish you all the best in your future endeavors.

Sincerely,

Jeanne Shaheen  
United States Senator
