Welcome to the Transportation Alternatives Program (TAP)

The goal of the federally-funded Transportation Alternatives Program (TAP) is to provide choices for non-motorized users that are safe, reliable, and convenient.

TAP was created under a federal law known as Moving Ahead for Progress in the 21st Century (MAP-21) to consolidate many stand-alone programs into a single, more flexible program. Programs replaced by TAP are **Safe Routes to School, Recreational Trails, Transportation Enhancement, and Scenic and Cultural Byways**. The Recreational Trails Program is administered by the Department of Resource and Economic Development.
