## PURPOSE

The purpose of this guide is to give specific information about the maps in the NH Department of Transportation GIS Data Catalog.

The GIS section (Planning and Community Assistance Bureau) manages the Data Catalog web site and production of standard printed and online maps.

In 2018, a reorganization of the Data Catalog was completed with new standards adopted for web site content and layout, data links and standard maps, as well as a process for updates.

In this guide, each map will have its own page, describing details along with a picture and metadata used to create the map.

For GIS Staff, it can be used can also be used yearly as a guide to update maps as well as a reference point for custom map requests, where combinations of similar layers may be required.

### **Credits**

Project Admin: Glenn Davison, Supervisor of System Planning, Civil Engineer VI,

Project Lead: Lisa Chamberlain, GIS Analyst, Cartographer, Word and Contribute Editor

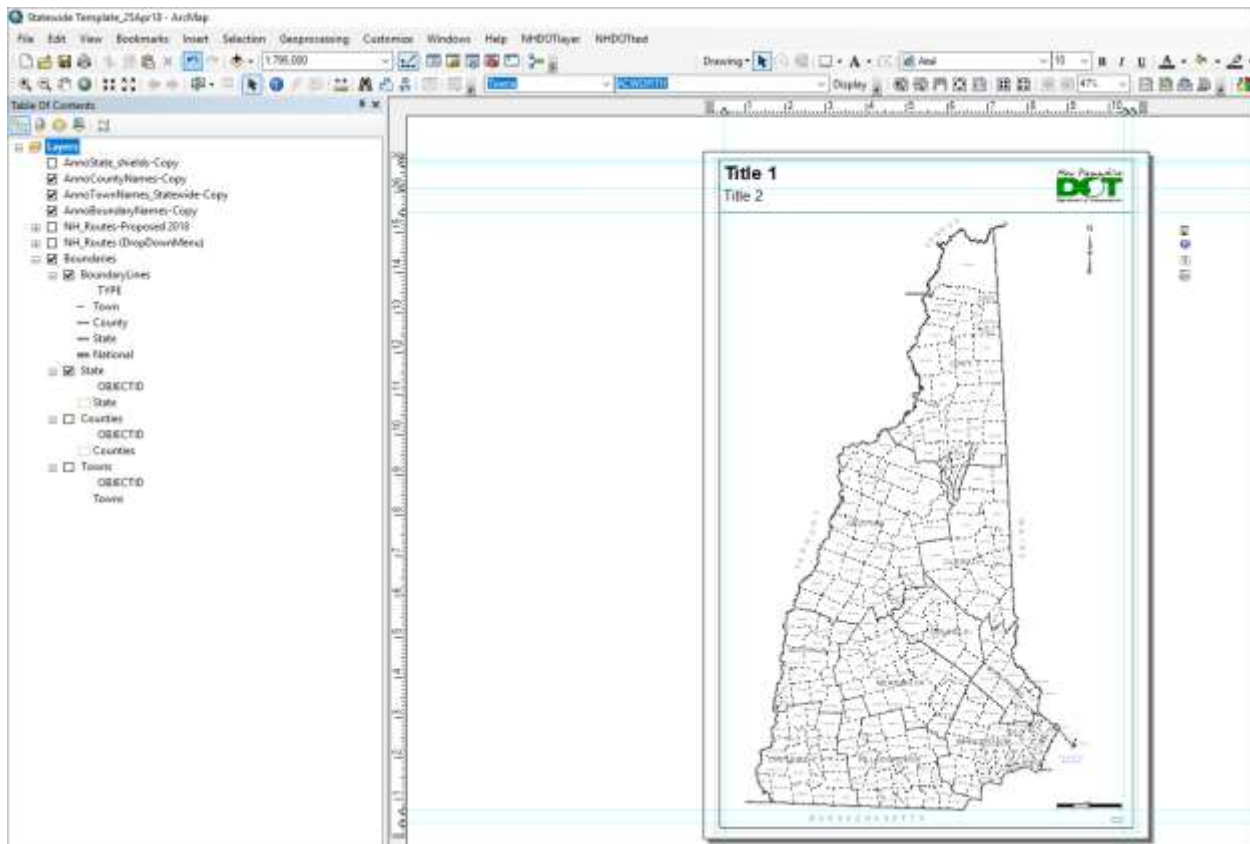

Contributors: Jim Irwin, GIS Manager, Civil Engineer V  
Joseph Blair, GIS Civil Engineer IV, HPMS Coordinator  
Casey Shingleton, GIS Civil Engineer II  
Ali Skinner, GIS Civil Engineer III

## STATE MAP TEMPLATE

The Bureau of Planning GIS section met in the spring of 2018 to review various map attributes in order to standardize map production going forward for the DOT.

The group agreed on the following attributes and got agreement from AMPS Office.

Map Attribute	Location and details
Box (Line)	To delineate where Title, N Arrow and DOT logo are housed
Map Title	Aerial, Font34, Bold Upper Left Corner
Optional 2 <sup>nd</sup> line Title	Aerial, Font 26, Regular, Under Map Title
Legend	Under Title section
North Arrow	ESRI 5 North Arrow under line under DOT logo
DOT Logo	Green DOT Logo upper right corner, centered
Map Filename; Date	Lower left corner
Scale Bar	Alternating Scale Bar 1, Font 5, Miles Above centered
Boundary Names	Canada, Vermont, Maine, Massachusetts used
Map Scale	1:795:000

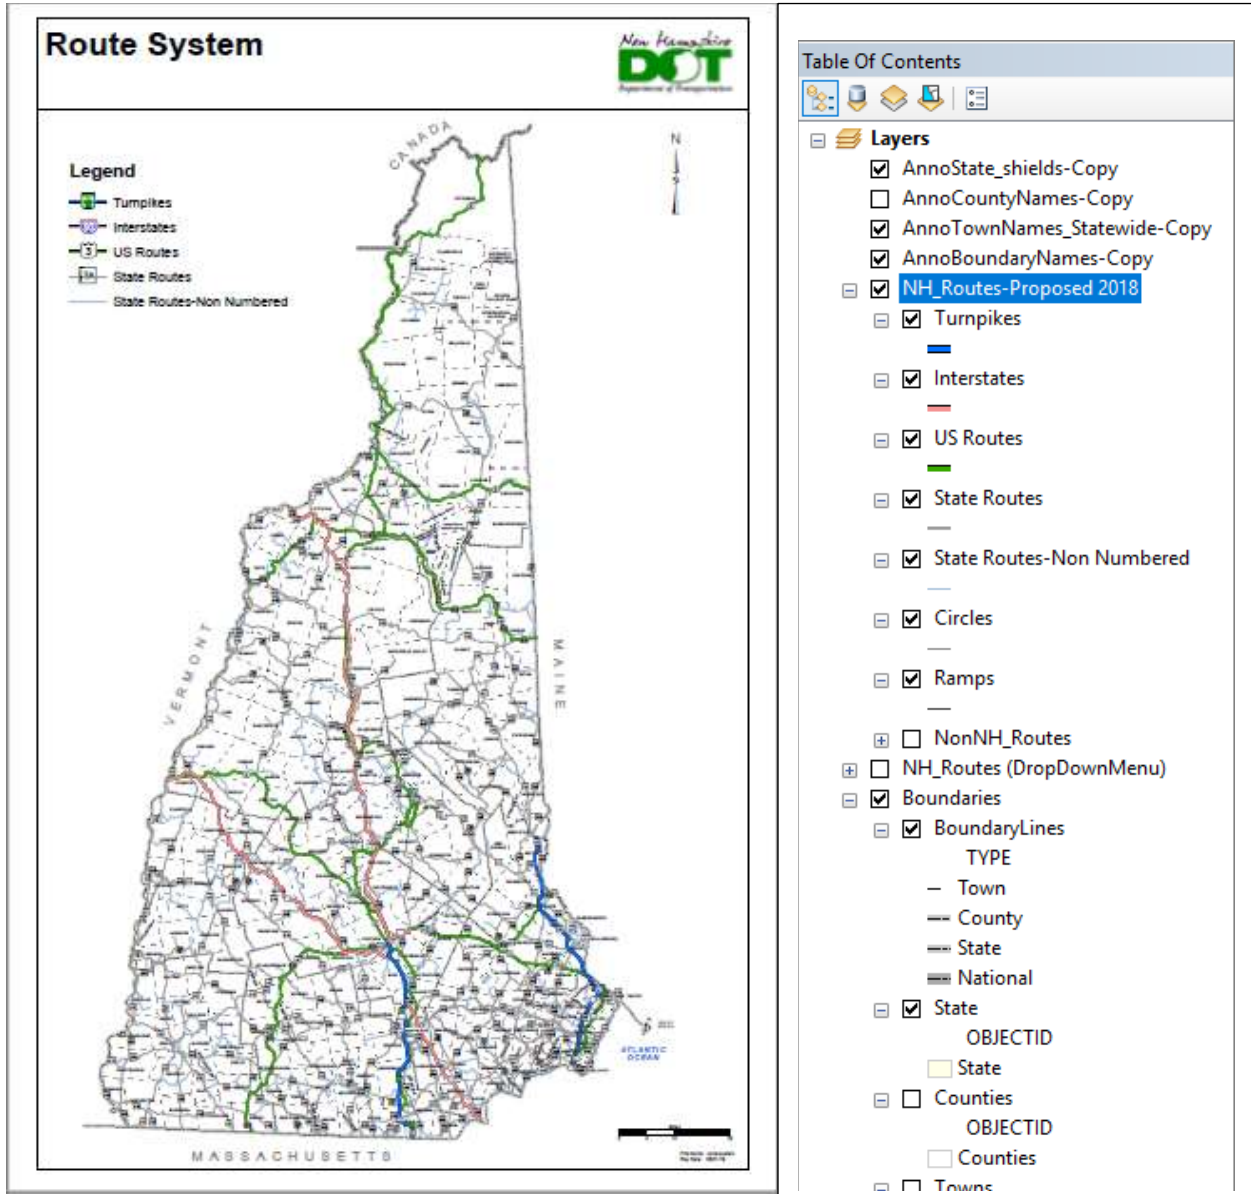

# ROADS BY FUNCTION

## ROUTE SYSTEM

This map displays the major routes by Type: Turnpikes, Interstates, U.S. Routes, State Routes, and Non-Numbered State Routes.

**Filenames:** route-system .PDF .MXD .PNG

**Zoom To:** State Display **Map Scale:** 1:795,000 **Page setup:** 11x17

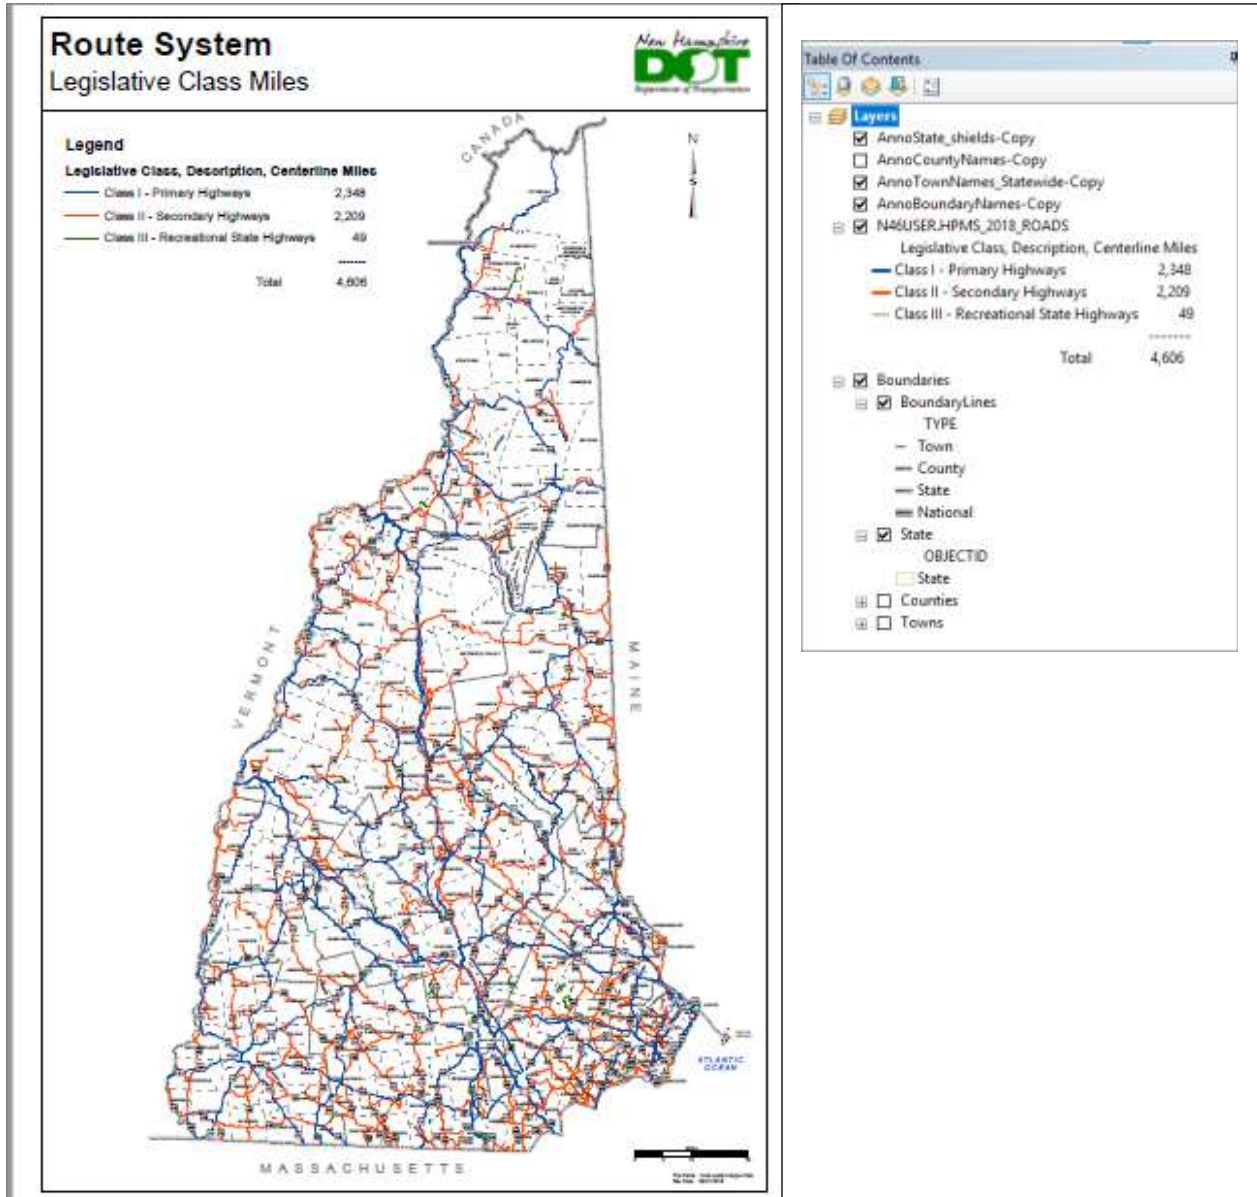

**Source Data:** N46USER.HPMS\_2018\_ROADS

**Other GIS Layers:**  
 Town Names  
 Boundary Names

## ROUTE SYSTEM-LEGISLATIVE CLASS MILES

This map displays roads by Legislative Classes (1) Primary Highways, (2) Secondary Highways, and (3) Recreation Roads.

This map should match the Roads and Highways Facts & Figures Report.

**Filenames:** route-system-legis-miles .PDF .MXD .PNG

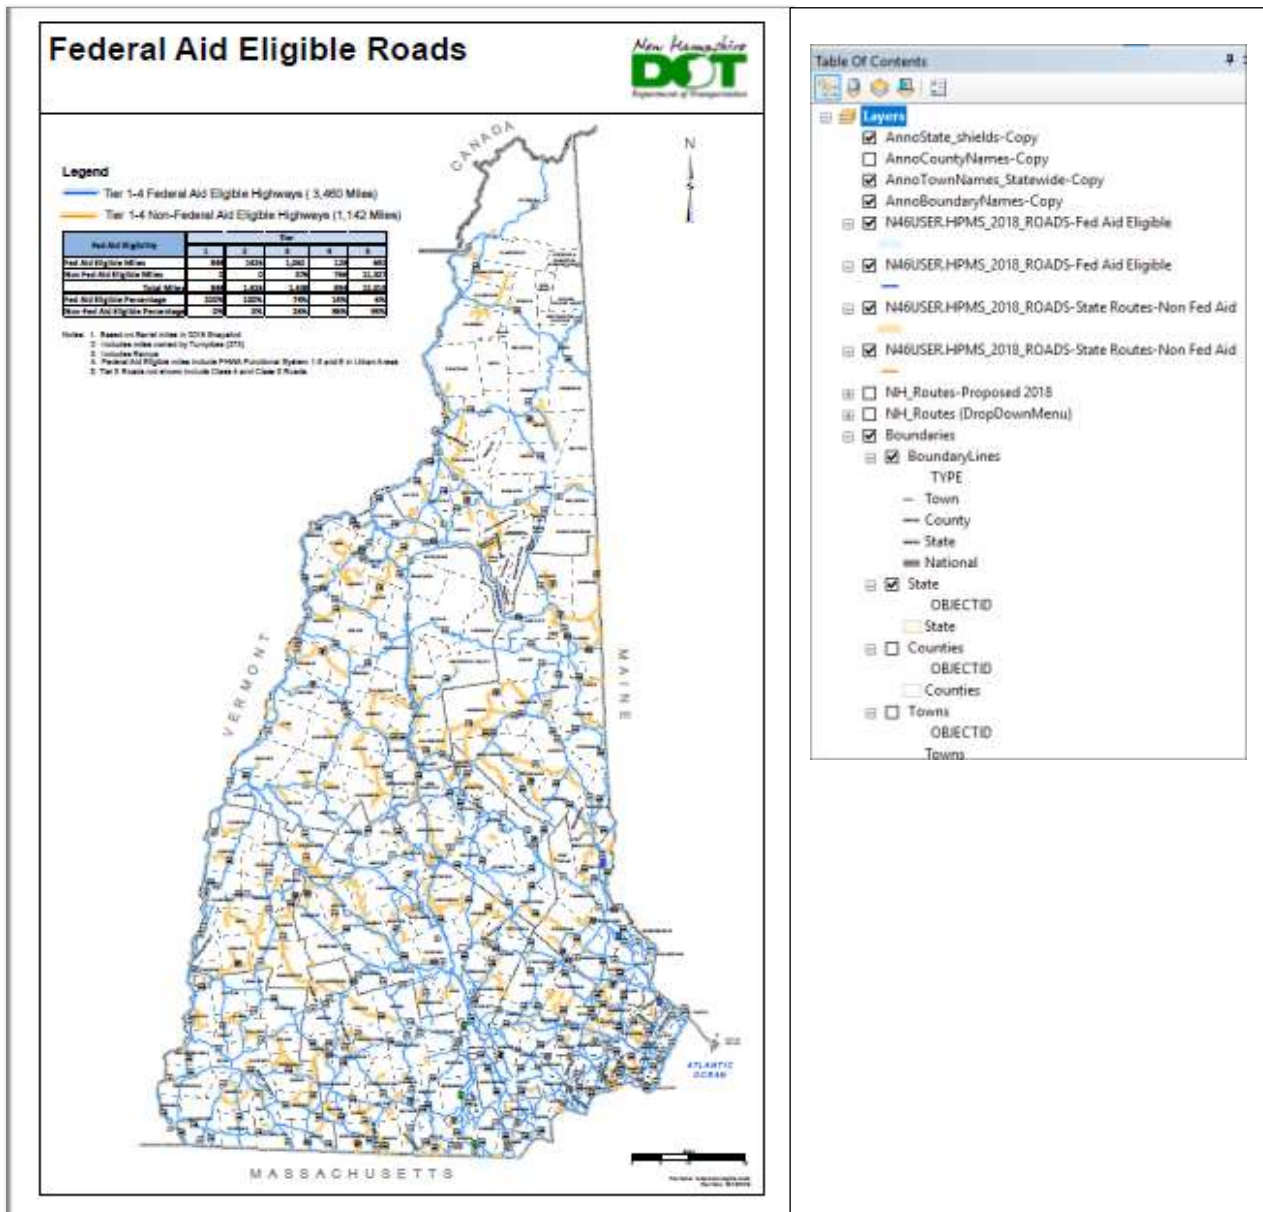

**Zoom To:** State Display **Map Scale:** 1:795,000 **Page setup:** 11x17

**Source Data:** N46USER.HPMS\_2018\_ROADS

**Other GIS Layers:**  
Town Names  
Boundary Names

# FEDERAL AID ELIGIBLE (WITH MILEAGES)

This map displays Federal Aid Eligible roads broken out by Tiers.

**Filenames:** federal-aid-eligible-roads .PDF .MXD .PNG

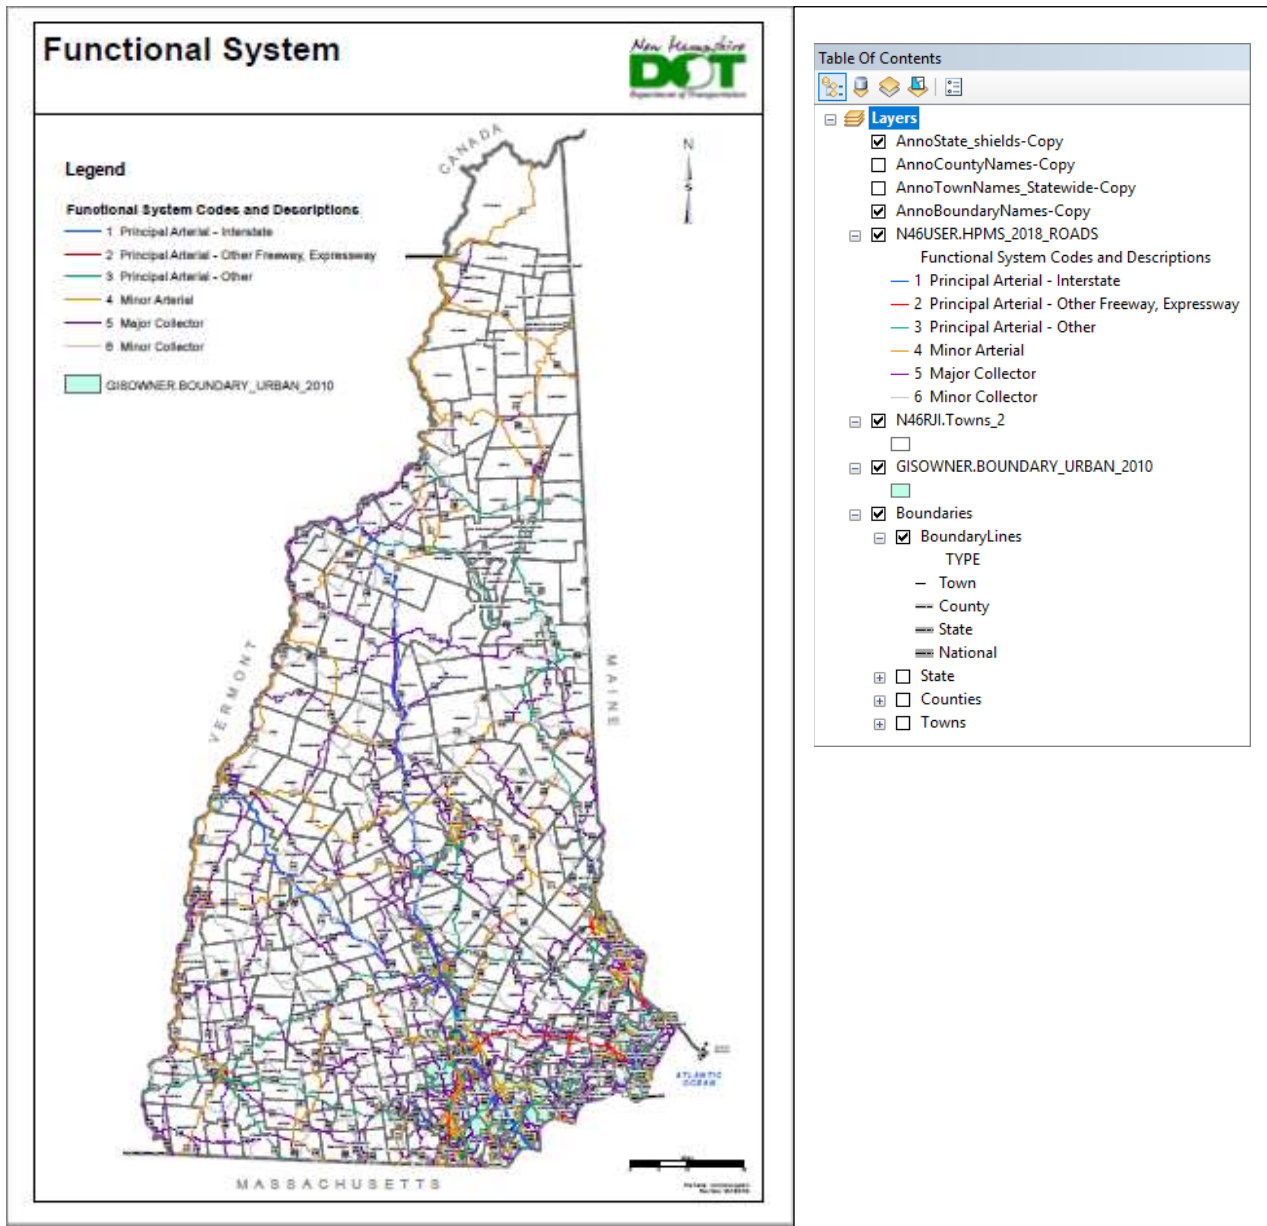

**Zoom To:** State Display **Map Scale:** 1:795,000 **Page setup:** 11x17

**Source Data:** N46USER.HPMS\_2018\_ROADS

**Other GIS Layers:**  
Town Names  
Boundary Names

# FUNCTIONAL SYSTEM

This map displays the Function System classification and Urban 2010 Boundaries.

**Filenames:** functional-system .PDF .MXD .PNG

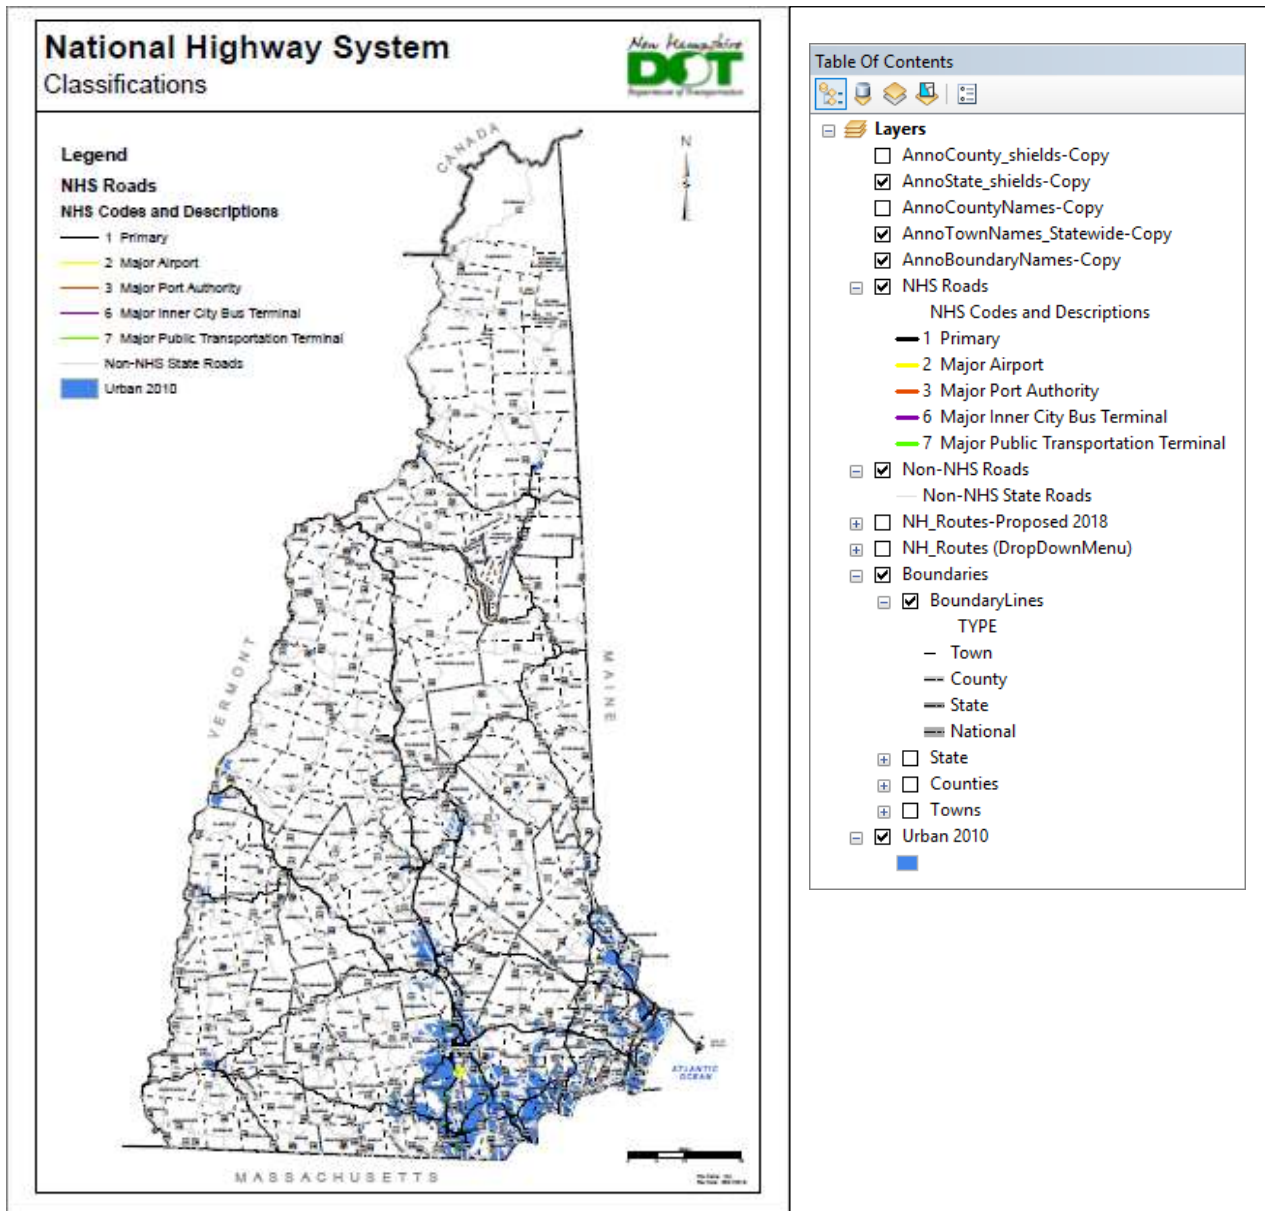

**Zoom To:** State Display      **Map Scale:** 1:795,000      **Page setup:** 11x17

**Source Data:** N46USER.HPMS\_2018\_ROADS

**Other GIS Layers:**  
Town Names  
Boundary Names

# NATIONAL HIGHWAY SYSTEM (NHS)

This map displays roads designated NHS with classifications.

**Filenames:** nhs .PDF .MXD .PNG

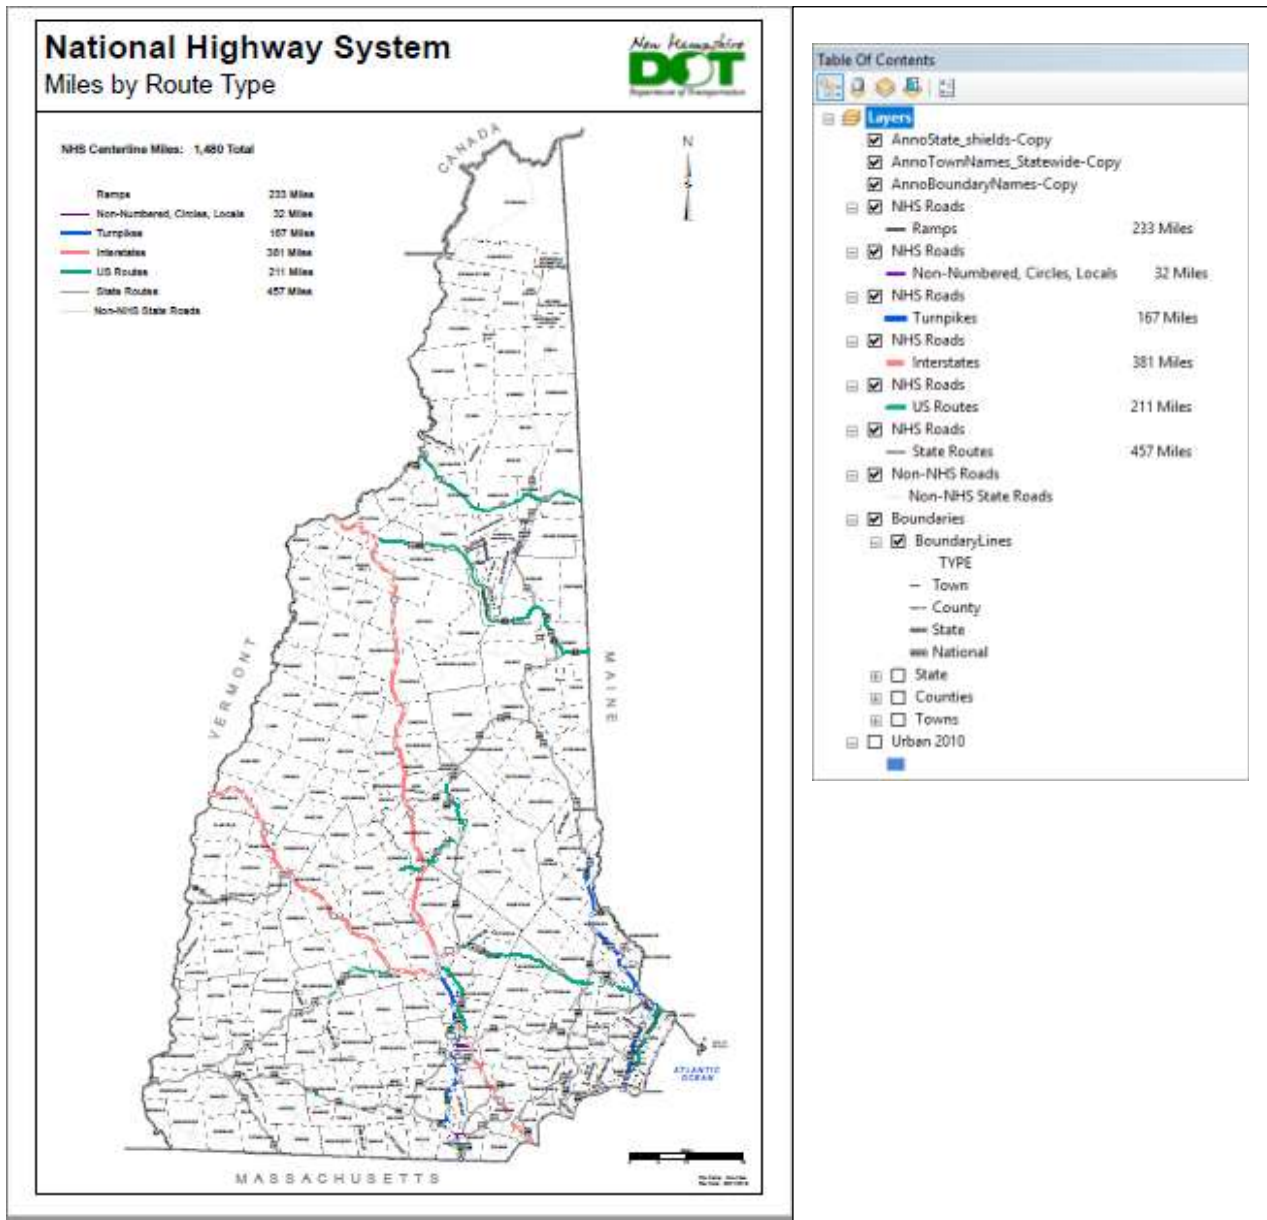

**Zoom To:** State Display **Map Scale:** 1:795,000 **Page setup:** 11x17

**Source Data:** N46USER.HPMS\_2018\_ROADS

**Other GIS Layers:**  
 Town Names  
 Boundary Names

# NATIONAL HIGHWAY SYSTEM (NHS) (WITH MILEAGES)

This map displays the NHS system by Route type.

**Filenames:** nhs-miles .PDF .MXD .PNG

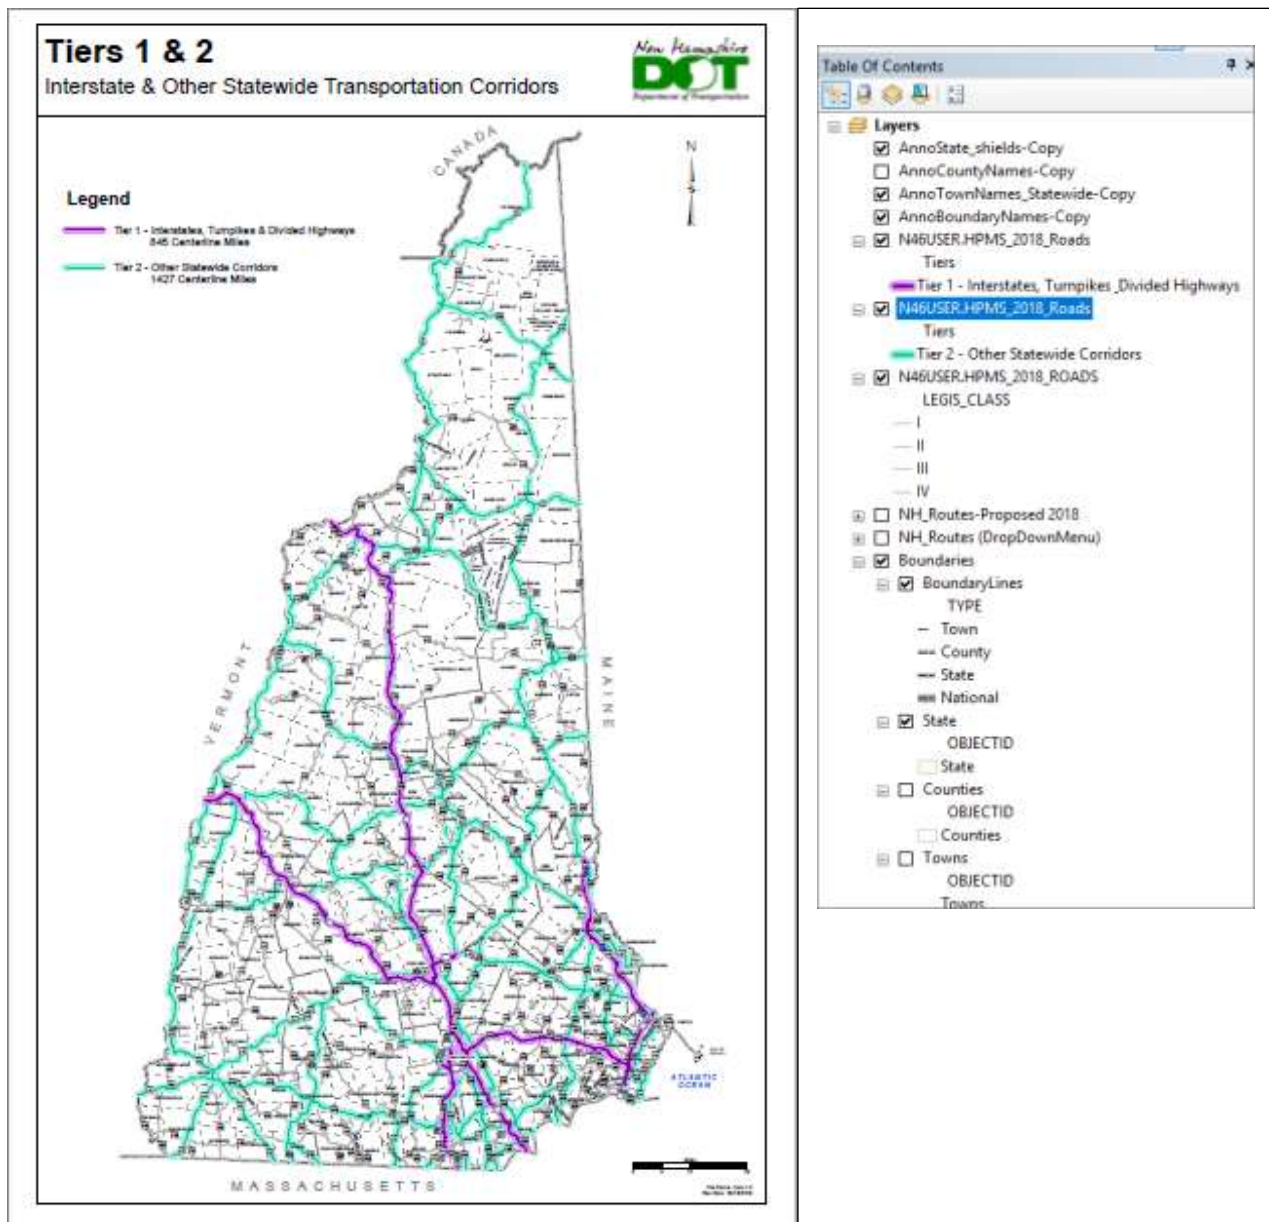

**Zoom To:** State Display **Map Scale:** 1:795,000 **Page setup:** 11x17

**Source Data:** N46USER.HPMS\_2018\_ROADS

**Other GIS Layers:**  
Town Names  
Boundary Names

## TIERS 1 AND 2 (WITH MILEAGES)

This map displays Tier 1 and 2 State roads.

**Filenames:** tiers-1-2 .PDF .MXD .PNG

**Zoom To:** State Display **Map Scale:** 1:795,000 **Page setup:** 11x17

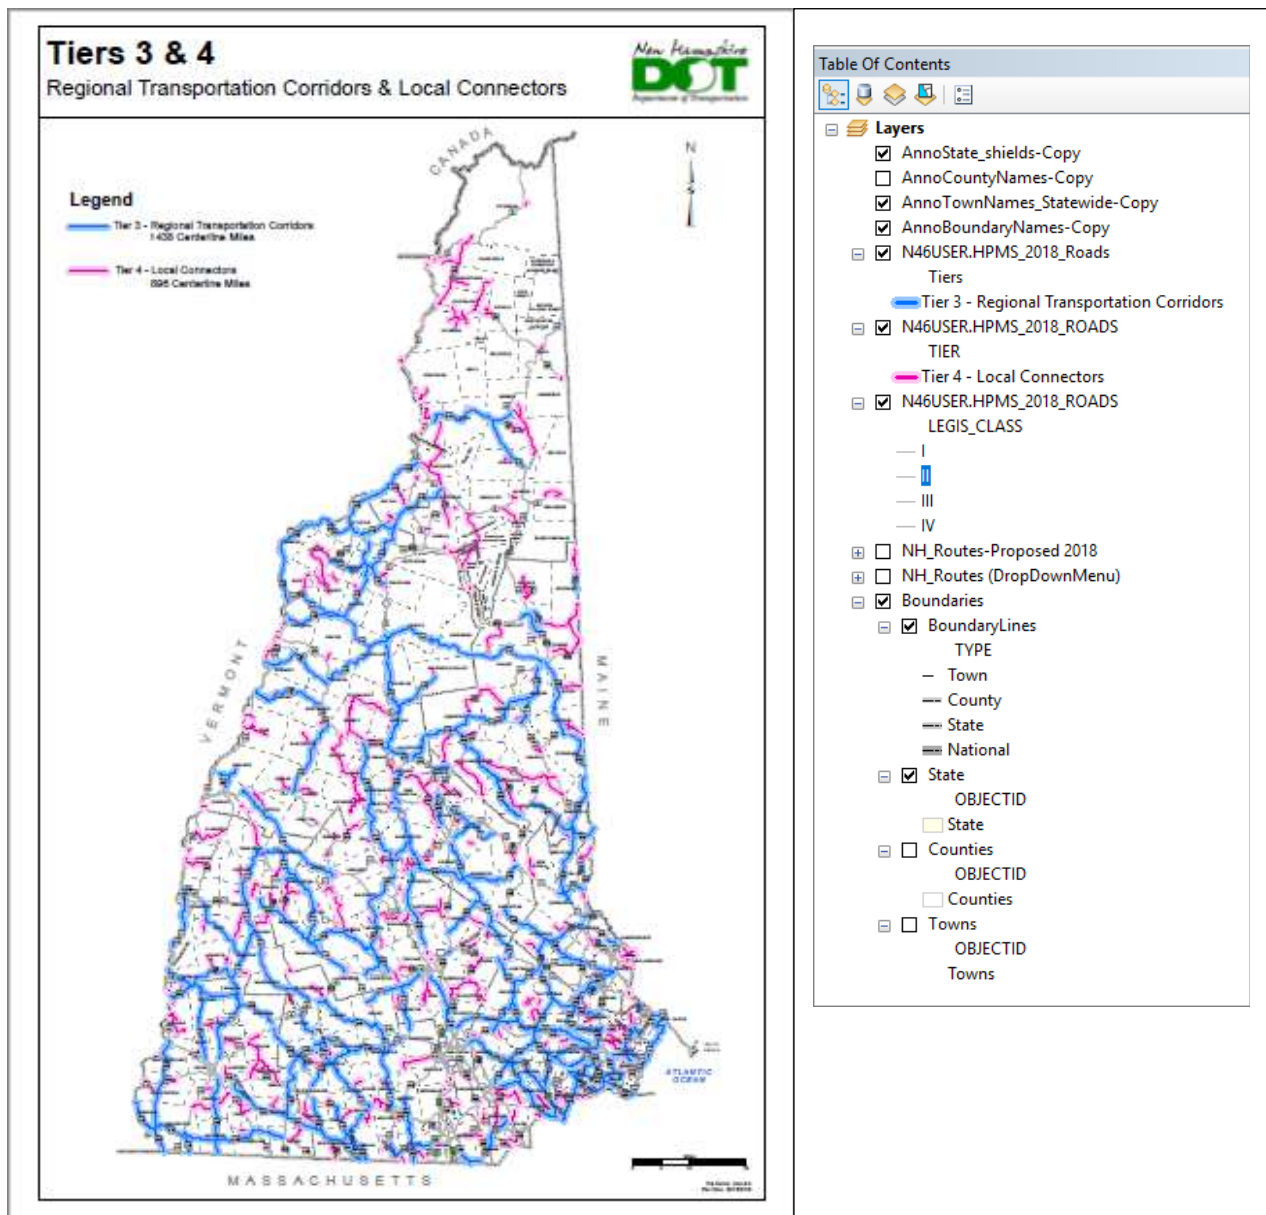

**Source Data:** N46USER.HPMS\_2018\_ROADS

**Other GIS Layers:**

Town Names  
Boundary Names

## TIERS 3 AND 4 (WITH MILEAGES)

This map displays Tier 3 and 4 State roads.

**Filenames:** tiers-3-4 .PDF .MXD .PNG

**Zoom To:** State Display **Map Scale:** 1:795,000 **Page setup:** 11x17

**Source Data:** N46USER.HPMS\_2018\_ROADS

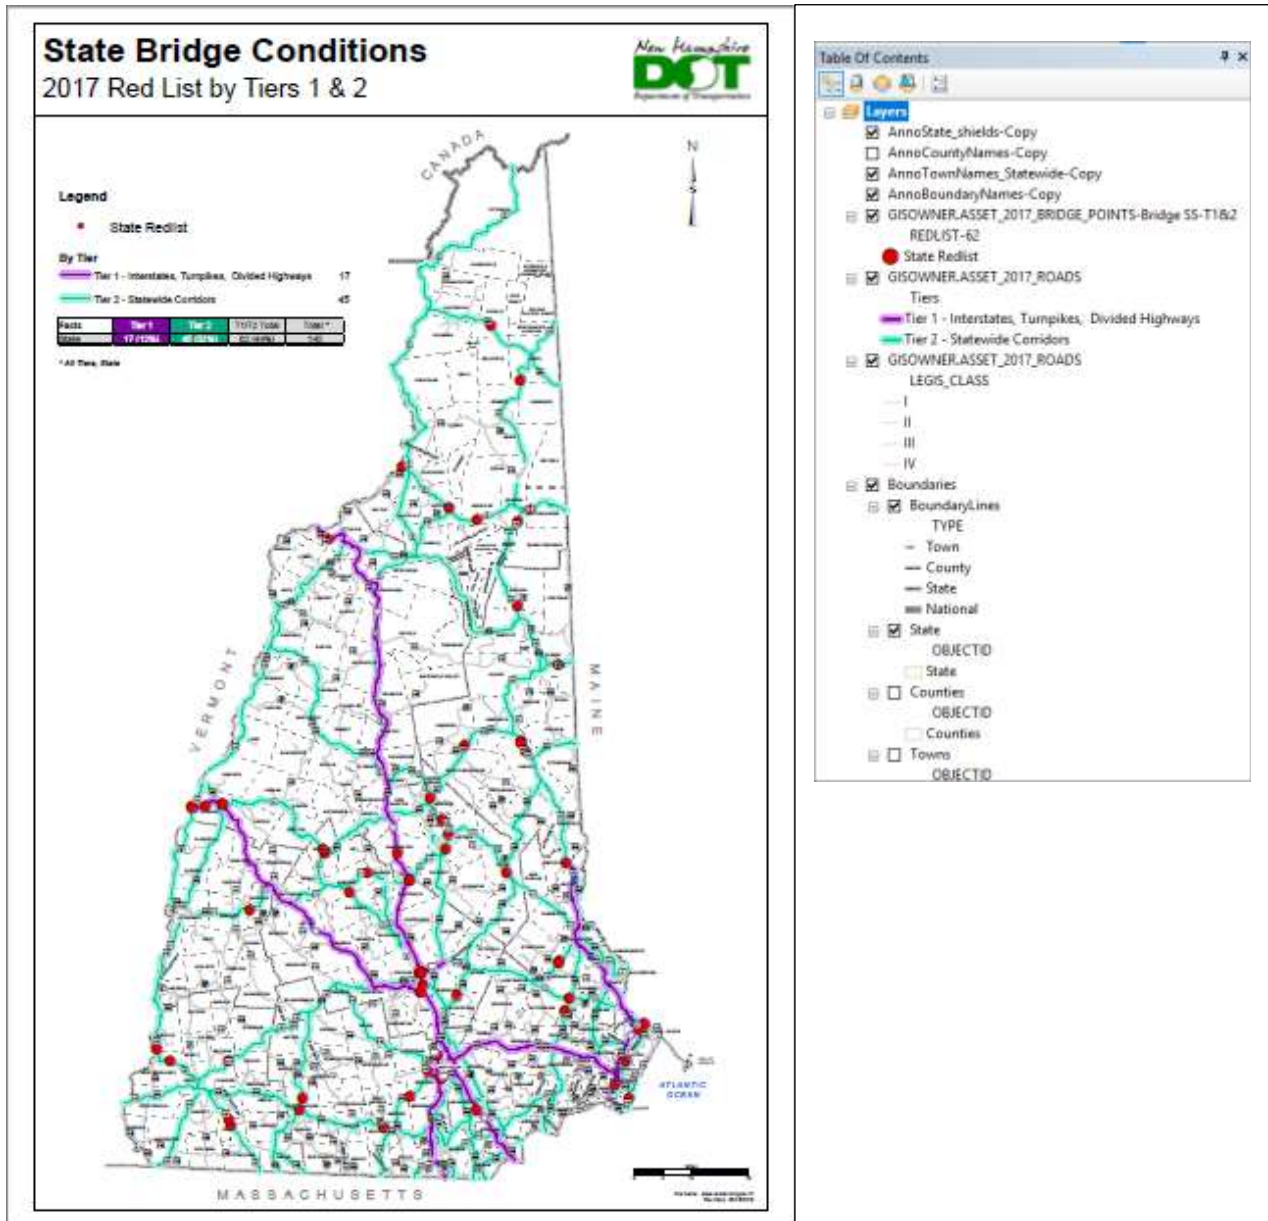

**Other GIS Layers:**  
Town Names  
Boundary Names

## ROADS BY CONDITION (GACIT)

### STATE RED LIST BRIDGES ON TIERS 1 AND 2

This map displays State Red List Bridges on Tiers 1 and 2. Odd years used for GACIT.

**Filenames:** state-redlist-bridges-t12 .PDF .MXD .PNG

**Zoom To:** State Display **Map Scale:** 1:795,000 **Page setup:** 11x17

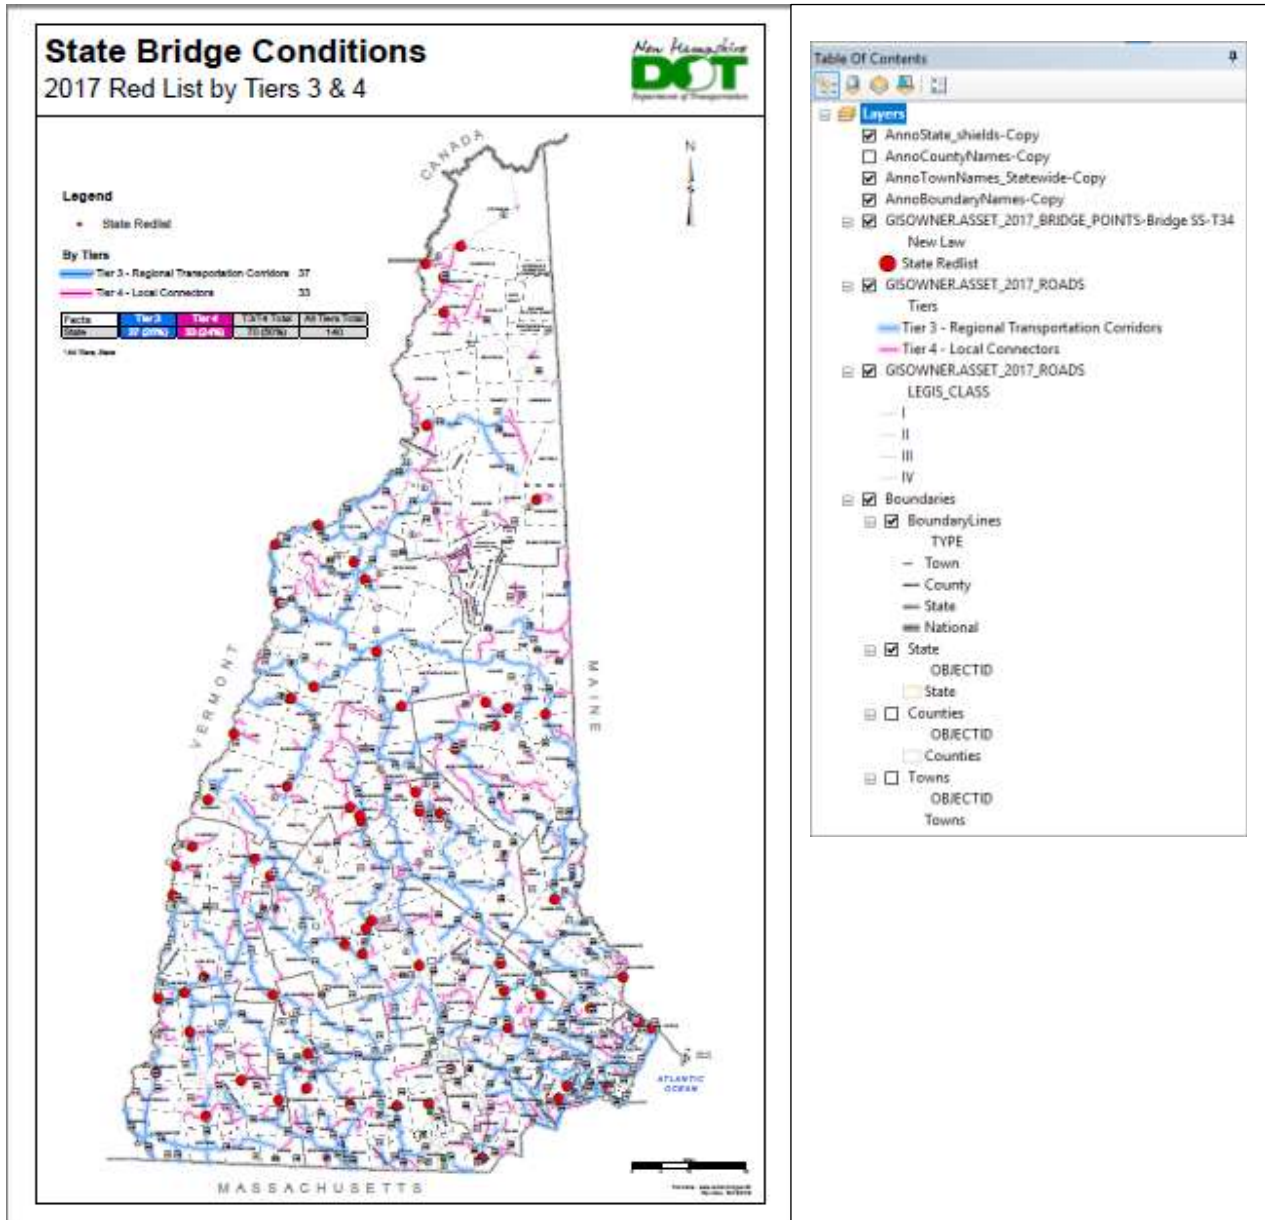

**Source Data:** GISOWNER.ASSET\_BRIDGE\_POINTS GISOWNER.ASSET\_2017\_ROADS

**Other GIS Layers:**

Town Names  
Boundary Names

## STATE RED LIST BRIDGES ON TIERS 3 AND 4

This map displays State Red List Bridges on Ties 3 and 4. Odd years used for GACIT.

**Filenames:** state-redlist-bridges-t34

.PDF .MXD .PNG

**Zoom To:** State Display

**Map Scale:** 1:795,000

**Page setup:** 11x17

**Source Data:** GISOWNER.ASSET\_BRIDGE\_POINTS

GISOWNER.ASSET\_2017\_ROADS

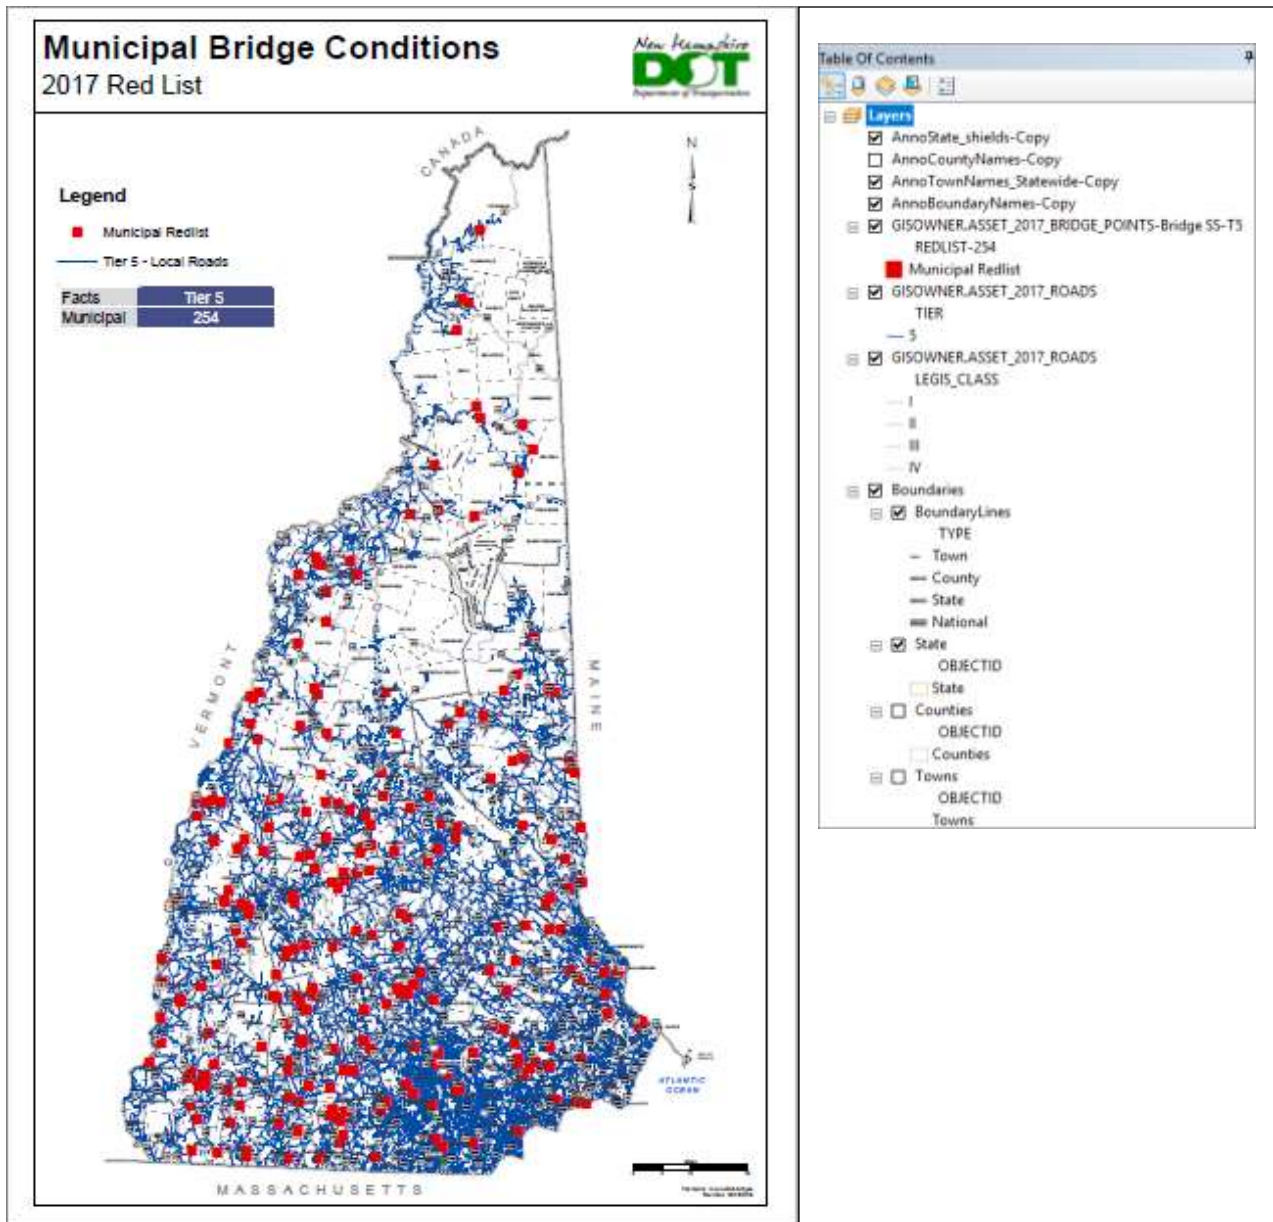

**Other GIS Layers:**

Town Names

Boundary Names

## MUNICIPAL RED LIST BRIDGES

This map displays Municipal Red List Bridges. Odd years used for GACIT.

**Filenames:** muni-redlist-bridges .PDF .MXD .PNG

**Zoom To:** State Display **Map Scale:** 1:795,000 **Page setup:** 11x17

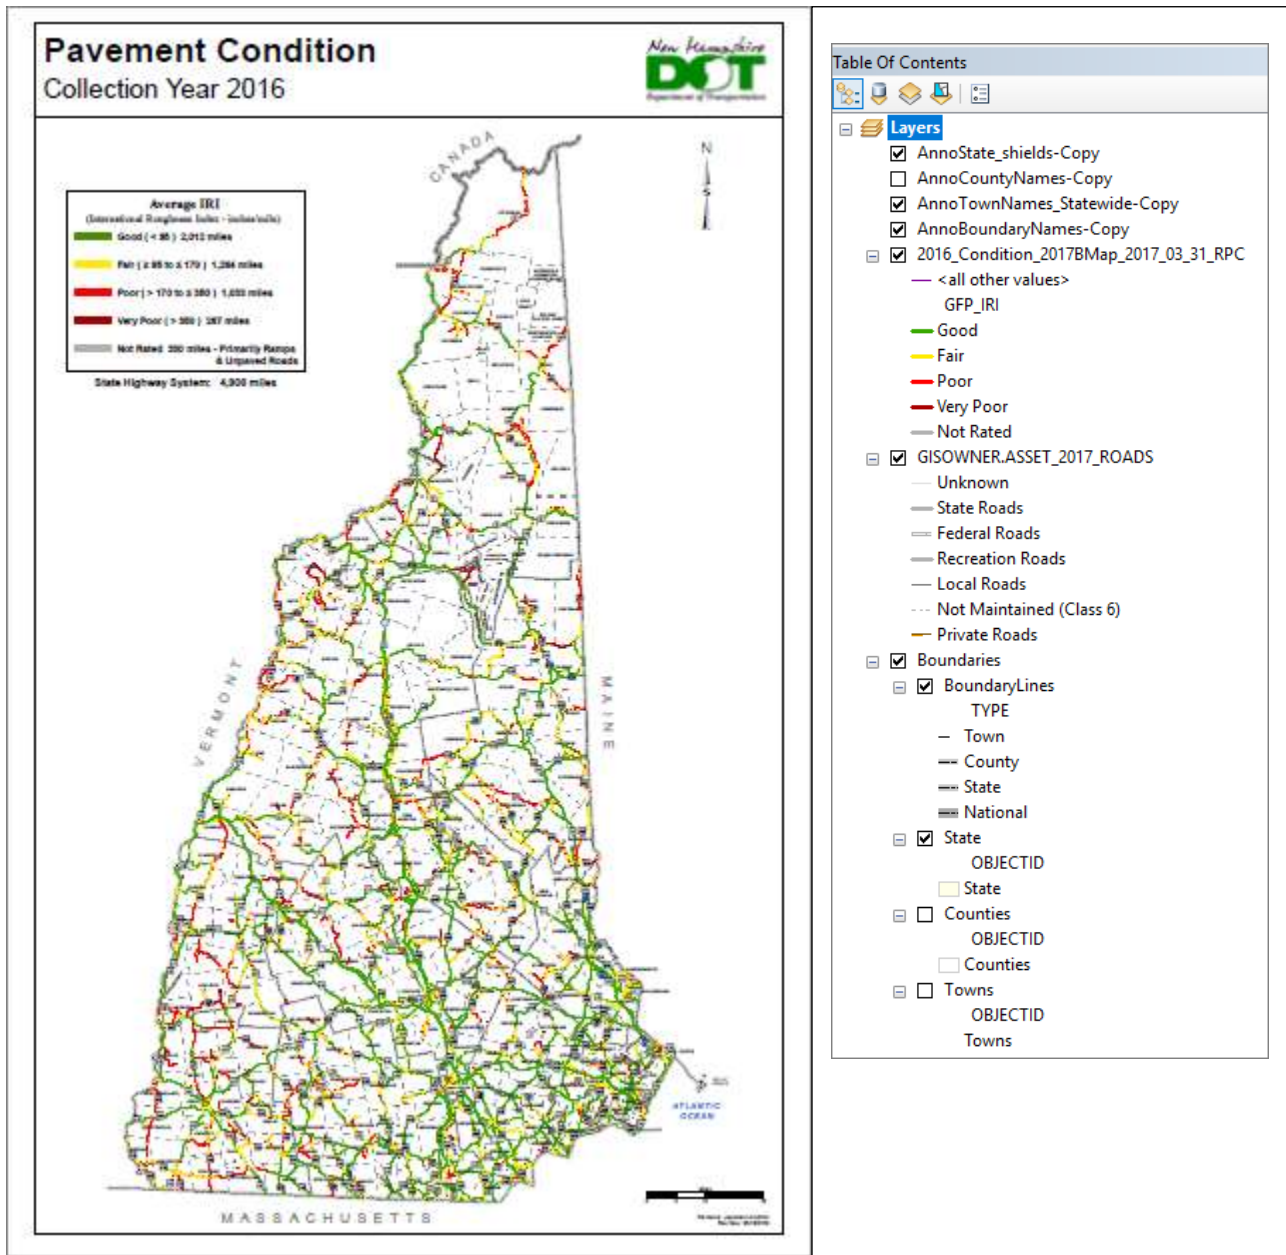

**Source Data:** GISOWNER.ASSET\_BRIDGE\_POINTS GISOWNER.ASSET\_2017\_ROADS

**Other GIS Layers:**

Town Names  
Boundary Names

## 2016 PAVEMENT CONDITIONS

The Bureau of Materials & Research manages this data and creates map.

**Filenames:** pavement-condition .PDF .MXD .PNG

## UPDATE PROCESS

The NHDOT Planning Bureau, GIS Section manages the GIS Data Catalog, including updating Maps and supporting documentation.

### **GIS Data Catalog**

<https://www.nh.gov/dot/org/projectdevelopment/planning/gis-data-catalog/index.htm>

### Yearly Updates

- Data Catalog Map updates will begin once the yearly snapshot data is taken in January. As of April 2018, there are 44 approved maps. The goal is to complete all map updates and get approval within four weeks of the yearly snapshot layer being created.
- In \GIS\_Dev\Mxd\_Maps, a new year folder will be created. For example, the 2018 Data Catalog Maps folder was copied to new folder 2019 Data Catalog Maps.
- Each Map (.MXD) will need to have its source data updated with new snapshot source data. Revision date in the map's lower right corner will need to be updated. Each map shall be exported to a PDF and printed for review by Planning Bureau administration. Each .MXD will be with the current year.
- All map PDFs will be approved before being published to the Data Catalog.
- Approved PDFs will be published to the GIS Data Catalog page via Contribute software.
- Any changes in the GIS Data Catalog will need to be approved by Planning Bureau Administration.

---

### Change or New Content Requests

1. Change or New Content requests will be emailed to [GISMaps@dot.nh.gov](mailto:GISMaps@dot.nh.gov) or to Planning Bureau Administrator.
2. Requestor should state specific update or new content to be added to the GIS Data Catalog web page.
3. GIS Staff will review change or new content request and then forward with detailed recommendations to Planning Bureau Administration.
4. Planning Bureau Administration will accept recommended changes or add additional details to work task.
5. GIS Staff will create necessary files and forward to Planning Bureau Administration for final approval.
6. GIS Staff will post new file to the GIS Data Catalog via Contribute software.
7. GIS Staff will email requestor and cc Planning Bureau Administration when the task is completed.
